Good Afternoon Gloria,

I would like to ask that the Rusk County ESD#1 consider a cost share with the Kilgore Fire Department on a brush truck for your 2027 budget.

The new brush truck would be replacing a 2006 F550. We would house the new unit at Station 2 in Kilgore and it would cover our portion of Rusk County for wildland and possibly EMS calls.

This City of Kilgore has allotted $160K in our budget for this unit. As we all know, brush trucks are pushing $300K in cost. I feel like we could purchase a unit that would serve our purpose for around $260K. Our request would be for $100K, but would certainly be grateful for any all the Rusk County ESD can provide.

We currently have a set of specs for a Skeeter, but we are reaching out to a couple of different manufacturers for quotes.

I currently have a prior commitment on Thursday the 5th and will not be able to attend the meeting. Please take this email as my request and do not hesitate to call or email with any questions.

Thank you and the Rusk County ESD's consideration on this request, we look forward from hearing from you.

Thank you,
